This luxury Puglia apartment consists of two suites that can be joined together or left independent of one another. This makes it the perfect solution for two couples travelling together who may want privacy. Or it works equally well for a family when the suites can be opened up to ensure free access between them. Each suite has a private terrace equipped with a small plunge pool.

The first suite in this luxury Puglia apartment has a living area with double sofa bed. There is a wall mounted TV in this room and a desk built into the wall. A separate bedroom is furnished with a four poster bed. Doors lead to a small kitchenette area. On the other side of this is the second bedroom furnished with a double bed as well as a single sofa bed. There are two bathrooms in the apartment, both with showers. The decor throughout is stylish and elegant. A neutral colour scheme and the use of natural materials creates a calm and relaxing space. This luxury Puglia apartment is situated in a winery. This provides guests with lots of advantages! Guests can enjoy a guided tour of the winery and wine tastings during their stay so that they can learn more about the production of wine on the estate and discover the grape varieties grown on the estate. Not only that but guests can enjoy a daily breakfast service on site between 8 am and 10 am. There is also an excellent restaurant on site serving delicious regional cuisine accompanied by the superb wines produced here. Guests can either dine indoors or in the idyllic courtyard terrace. And of course relax on the two private terraces (one for each suite). Each has a small plunge swimming pool with electrolytic system for water disinfection. This is heated to ensure guests can relax in here even during the colder months of the year.

In total the estate covers an area of over 80 hectares, 50 hectares of which are planted with vines.
